

MEMORANDUM FOR: Comptroller
Director of Logistics

SUBJECT : Plans for Completing Implementation of
Financial Property Accountability

REFERENCE : Memo dtd 13 Dec 57 to DD/S fr Dep Compt
and Acting D/CL, same subject (TS 74832)

1. The progress reflected in the referenced report is most encouraging to me. We have gone a lot further than I had thought, and the individuals devoting their efforts to this problem should be commended.

2. The submission of quarterly reports on this subject is entirely satisfactory. In submitting these reports, however, I would suggest that a summary chart be used, something on the order of the one that is prepared in the Comptroller's Office on the subject of "Fiscal Conditions at Overseas Stations."

L. K. White
Deputy Director
